

Be a Part of OA's Worldwide Group Conscience

Delegates from around the world will gather for the World Service Business Conference (WSBC) in **Albuquerque, New Mexico, April 20-25, 2026**. Our collective voice will help shape OA's future and ensure the message of recovery continues to reach those who still suffer. We hope you will join us to represent your intergroup and take part in OA's group conscience.

Seven Ways WSBC Strengthens Recovery, Service, and Connection

Experience OA as a global Fellowship – Connect with members from around the world and see how OA is growing, reaching new countries, and expanding through translated literature and resources.

Participate in the spiritual group conscience – Members listen to one another, apply the spiritual principles of the Steps, Traditions, and Concepts, and vote with care for the well-being of OA as a whole.

Attend powerful OA meetings – Share recovery with members from across the Fellowship through scheduled and impromptu meetings.

Grow through service and connection – Relationships with other trusted servants provide encouragement, perspective, and support long after WSBC ends.

Bring ideas, support, and perspective back home – Experience the “between-session magic,” where informal conversations make space to talk through challenges, share experience, and gather ideas that can energize intergroups.

Understand the impact of intergroup participation – Decisions made at WSBC shape OA in ways that directly affect meetings and members.

Celebrate! – The Saturday evening dinner, speaker, and dance remind us that recovery and service include joy and connection.

How to Get Involved

1. **Tell your intergroup** you'd like to represent them at WSBC. Each intergroup may send one delegate for every 15 registered meetings (or portion thereof).
2. **Contact Region One** if funding is not available from your intergroup to ask about possible financial assistance: bfds@oaregion1.org.
3. **Register as soon as possible**, so that you receive important emails and can connect with experienced delegates for guidance and support.
4. **Find out more** and prepare for WSBC with resources at oa.org/world-service-business-conference/.

Service is gratitude in action — ensuring the message of recovery continues for generations to come.
